

Viking Designer Diamond Sewing and Embroidery Machine

At last, a top-of-the-line sewing and embroidery machine that will truly elevate your sewing experience with its extraordinary capability. Enthusiast sewers will embrace some of the world's most generous, spacious features as they create the projects of their dreams.

Viking Designer Diamond Features

Ultimate Interactive Screen

The Ultimate Interactive Screen is larger (174 x 104 mm) than any other screen in the industry. The full color, wide VGA touch screen and provides the highest resolution available. Stitches and embroidery designs are shown in stunning 3D realism. In addition to its impressive size, it is also the easiest to navigate. Use your stylus, or an optional USB mouse, to select any function, stitch, or information - with a touch!

Largest Embroidery Area

The Husqvarna Viking® Designer Diamond™ sewing and embroidery machine features the largest embroidery area in the home sewing industry. The extraordinary Designer™ Majestic Hoop measures 360 x 350 mm (14 1/4 inches x 13 3/4 inches). You can embroider larger than life designs without re-hooping. Three hoops are included with the Designer Diamond™ sewing and embroidery machine:

- Designer™ Splendid Square Hoop.
120 x 120 mm (4 3/4 inches x 4 3/4 inches).
- Designer™ Crown Hoop.
260 x 200 mm (10 1/4 inches x 8 inches).
- Designer™ Royal Hoop.
360 mm x 200 mm (14 1/4 inches x 8 inches).

Largest Sewing Surface

The Husqvarna Viking® Designer Diamond™ sewing and embroidery machine features the longest free arm in the industry. It has the most space, nearly 10 inches (250 mm), to the right of the needle. This new Swedish design provides the optimal space to sew large quilts, home decor projects, and garments.

Convenience

No other sewing and embroidery machine delivers state-of-the-art ease of use like the Husqvarna Viking® Designer Diamond™ sewing and embroidery machine. Sewers who value the fewest steps between them and every function they want will appreciate this new level of convenience.
